

# THE NORTHERN FORUM SCHOOLS ASSOCIATION 2025-2026 ACTION PLAN

## **MISSION AND GOALS**

**Mission** – creating conditions for cultural and educational exchange between schools in different countries, implement educational programs, supplementary education programs, share best practices in teaching, develop students' creative potential, communicate, implement pedagogical initiatives, and organize international events.

### **Goals:**

- creating conditions for disseminating information about the natural and cultural environment of the northern territories, and uniting efforts to preserve the Arctic and the adjacent areas for the future generations in the interests of sustainable development;
- creating additional opportunities for the development of international cooperation between schools: organizing trips for children and teachers, cultural exchange between schools, participation in the Association's events;
- creating conditions for the development of students' creative potential, communication, and social skills, enhancing teachers' professional competencies, and promoting and supporting educational projects and programs in the Association's schools.

## **MAIN TASKS FOR 2025-2026**

- Develop and approve the Association's Regulations.
- Expand membership of schools from the NF member regions.
- Expand partner network through signing agreements and their implementation plans.
- Expand activities on raising public awareness of the organization's work.
